

Dear Cub Scouts

WOW! What an exciting time we are having. Last year celebrating 90 years of Cub Scouts and this year celebrating the Centenary of Scouting. I hope you have all had the opportunity to join in with some of the special activities that have been organised so far this year, either in your own Pack or with other Cubs from your District or with Cubs from around the whole County. We are almost half way through this special year but there are still some exciting events planned for you to enjoy.

Although we are not holding an event just for Cubs this year, I am writing to all the Cub Scouts in the County asking each one of you for your help to raise money to buy some much needed equipment for the Children's Hospice South West near Bristol. Your Akela or Pack Leader will tell you about the special work that the Hospice does.

I am asking every Cub Scout and Leader in the County to donate £1.00 towards the appeal – 1p for every year of Scouting.

The money raised will then be used to buy the equipment for the Hospice, which will then be presented to them in October. It will not be possible to have everyone who gives their £1.00 present when we make the presentation, but there will be a commemorative plaque telling everyone that this is what the Cub Scouts of Avon did to celebrate the Centenary – they thought of others before themselves!

Your Akela or Pack Leader will tell you when you need to bring in your £1.00. Lets make this a good turn that we can all do together.

Yours in Scouting
